

Red Land Tour Route

Total Distance of one loop on this course:

30.4 miles

Traffic: Light to moderate.

Be aware of traffic on Highway 2.

Road Surface:

Varies from Good to Very Good

Type of Course:

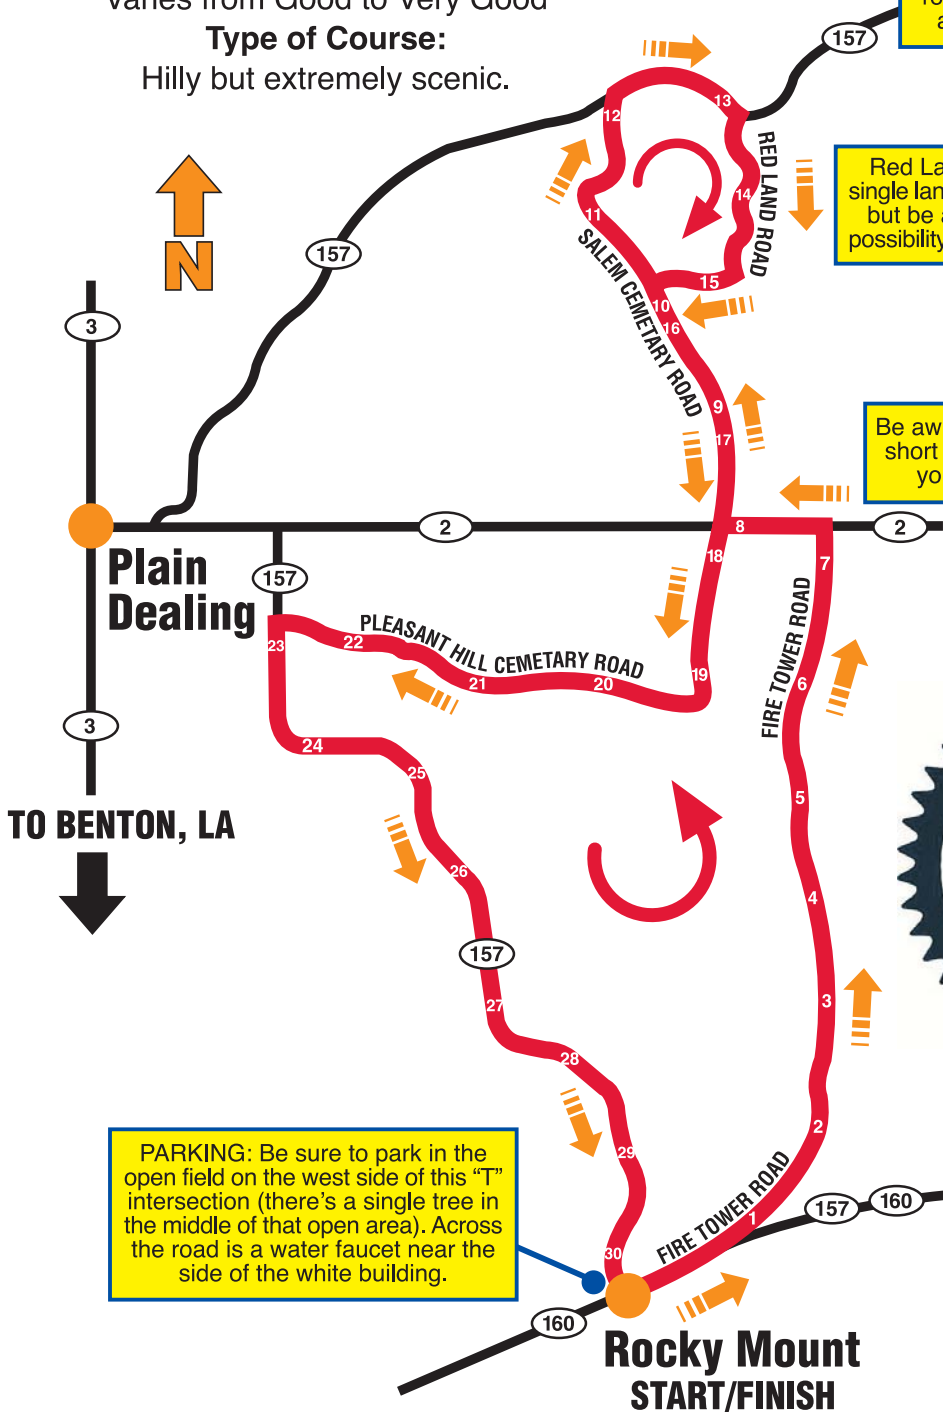

Hilly but extremely scenic.

Want to get in some serious hill work?
Keep going east 1/4 mile down Highway 157, take in the fabulous view ahead, then go downhill until you roll out at the bottom, then turn around and start climbing back up...and up.

Red Land Road is nearly single lane and lightly traveled but be aware of the slight possibility of on-coming traffic.

Be aware of traffic during the short 8/10th's of a mile that you're on Highway 2.

PARKING: Be sure to park in the open field on the west side of this "T" intersection (there's a single tree in the middle of that open area). Across the road is a water faucet near the side of the white building.
